About This Game

On a cold November night in a desolate estate deep in the mountains an innocent life has prematurely perished. Surrounded only by his family and closest friends, a controversial yet immensely successful businessman William Goldberg passed away under mysterious circumstances. Being an upstanding member of society and the owner of Goldberg Industries, a multi-million dollar arms company responsible for providing the military during the World War 2, news of his death caused an uproar at the local police department. It seemed the case was tailor-made for the legendary detective Knox, a prodigy who successfully solved over hundred cases. Accompanied by an aspiring young detective Clark assigned by the Chief to keep an eye on him, Knox departs towards the Goldberg's estate to discover the truth behind the incident.

Miles away from nearest settlement in a mansion hidden from the eyes of public, it is only natural to presume that only those present at the time could have been involved. Follow clues, look for evidence and discover key information by interrogating the suspects. All pieces of the puzzle will be presented and it's up to you to deduce who, how and why the murder happened. A mystery visual novel inspired by classic novels from Arthur C. Doyle and Agatha Christie and "When They Cry" series.

CHARACTERS

Age: 29
Profession: Senior Detective
Blood type: B

One of the most famous detectives in the entire state, Knox has yet to stumble upon a mystery he is unable to unravel. Despite his young age, he decisively solved over 100 cases. A prodigy by nature, he rarely puts any effort in his detective work often neglecting it to enjoy cigarettes and coffee.

Age: 26
Profession: Junior Detective
Blood Type: A

A young and naive detective working on his first case, eager to prove himself. According to Knox he is a narrow minded simpleton sent by the Chief to ensure Knox plays by the book.

Age: 32
Profession: Ex-Soldier 1st Class
Blood Type: 0

Eldest son of the deceased who has just returned from the Second Great War. His intellect and bravery allowed him to prove his worth on the front lines in the Pacific. Being the eldest heir, he is the first in line to inherit his father's fortune.

Age: 58
Profession: Businessman
Blood Type: 0

Well established businessman and a close friend of the deceased. He helped Goldberg create his financial empire during the war. Despite his short temper his charisma makes him beloved by his employees.

Age:35
Profession: Housewife
Blood Type: AB

The widow of the deceased. Although their marriage lasted very short she claims that she loved the deceased deeply. Ms. Goldberg is a very emotional person that can change her attitude very quickly if provoked.

Age: 65
Profession: Butler
Blood Type: B

The family butler that has served the Goldbergs for decades. Calm and patient man which despite his old age still chooses to work instead of retiring.

-
- * red lasers are really faint in hard mode(I enjoyed it because its hard mode but I can see that it may be off putting to others)
 - * Only available on Windows, AFAICT.

Overall:

This is a great game that I recommend to anyone who wants a classic 80s space shooter!!

****DO NOT BUY AT FULL PRICE****

I would only buy this if it is on sale or if you just want the locos. This pack is very buggy and is very unpolished. Because this was released back in 2012, it has a lot of the problems that plagued many of RSC's (The previous developer) problems which I will present in a Pro/Con format.

Pro:

-You get a lot of locomotives

Cons:

- Stretchy couples
- No numberboard lights
- Windows and doors inoperable
- No ND units (This is were you have the option to put the same loco when you put a consist together but with out a driver in the cab)
- No interior lighting (DO NOT USE ANY OF THESE LOCOS AT NIGHT YOU WONT SEE ANYTHING!)
- No step lights
- Incorrect engines sounds, bells and horns. Both the EMD SD70MAC & EMD SD70ACE included in this pack share the same engine sounds, bell, and horn of the EMD SD75M and Union pacific SD60M.
- Dynamic Brakes do not work properly
- No water effects on windshield, no need for wipers basically.
- No Dynamic Headlight effect (Basically this effect is where you can see the train engine's headlight from far away. For example the headlights found on the, F59PHI, F59PH, SD60M, Amtrak Dash 8-Bwh, P42DC... etc.

Overall: Do not buy at full price. The pack lacks a lot of the advanced details that some of the other DLCs have. The locos are very buggy and don't run too well. (They are runnable but avoid nighttime because you won't see very well.) Since Dovetail games owns Train Sim, I doubt this pack or any other DLC that was release by RSC will ever get fixed.

Score 2.5/10 NEEDS TO BE UPDATED. DO NOT BUY THIS in it's current state. Online servers are GONE. Anarchy Online is a hidden gem with great but wasted potential due to the lack of interest of Funcom. Been playing this game for over 10 years on and off, I've tried all the mmorpgs out there and I always come back to AO.

A one sentence review: A complex MMORPG with no hand holding, skill based PVP and 2001 graphics.

The bad:

- Awful graphics, the game was launched in 2001 and not much has been improved graphics wise. Sure a while back Funcom launched a beta engine(client) that you can download from AO website but it's quite unstable.
- Animations are so bad its not even funny, not improved on the 'new' engine either.
- Lots of visual bugs.

If you want a game that looks great AO is not it.

The good:

- AO is one of the most complex MMORPGs around, 14 classes that really are different and not just slight variations of the same thing.
- The learning curve is not great but it's rewarding.
- PvP is skills based and it's all about coming up with a smart setup, no standard end-game setups here. It's all about being creative and mix it up.
- Classes are balanced-ish and every class has a nemesis (a class that wrecks you!).

- Twinking(over-gearing), now this is a thing unique to AO. In other games its all about max lvl pvp but not here. In most games you'll have equipment requirements like : Level from xx. In AO it's all about stats and pushing them the the limits, you can have a level 1 with the same equipment you would seen on a level 20-30. It's a hard sometimes insane process as you try to squeeze every extra ability point out of your equipment but so rewarding .. in PvP! . There are twinks at almost every level as they are needed to attack\defend organization(guild) land zones and each zone has a different level range. You can stop leveling at any level you want and make the most bad a\$\$ pvp character there to dominated everyone

. New units, more big maps, more fun!. This is a fun platformer game with a groovy feel to it! Give it a try if you're up for some funky platforming.. Good value for the price, especially compared to the single character expansions. All 4 of the new characters are interesting enough to want to play, and the new mechanics add a considerable twist to the game - desert spaces appearing randomly can really mess up the map and make the game more brutal. Bear in mind, the more you have active at once, the less impact each one has on the game as their cards are diluted in the deck.. OMG, this is an amazing game. Flashback from my college days when me and my friends spent HOURS playing this. NOW IT IS BETTER. Plays at 144HZ super smooth. Controls are spot on. I mean the graphics are dated but you will not notice it to much. Super fun to play. Very easy to play but a challenge to master this puppy. I played with a controller, originally; BUT with the mouse and keyboard this game really shines! Posses a definite challenge.

If you played this back in the 90's, you will LOVE this remastered edition. Super amazing experience before, so much better now. The memories i was flooded with were worth the money alone. Thank you for making this experience better and allowing me to relive some of my childhood!! KUDOS

Nostalgic lvl 1000. Epic port to mac. Only thing it's missing is people playing zombies online. But other than that, it is flawless. 10/10. Nice film, good art good story nice character design
