III: O-ethylacetophenone. b. Longevity of products Every fragrance chemist, as well as every fragrance scientist. Mar 18, 2009 What is the best perfume for a woman's cologne? - I came upon The Perfume Handbook, an absolutely invaluable book covering all the basic forms of perfume, from how to read a perfume formula to selecting a scent. I am a perfume enthusiast, and the book goes into such in depth detail on what perfume is and how to use it. Overall, I really enjoyed the book. For any scent, The Perfume Handbook will give you expert tips and advice on the best way to wear that scent, as well as advice on how to recreate it at home. For more info: [perfumehandbook.com](http://perfumehandbook.com) All the colognes I have been wearing to-day. Perfume Handbook.pdf - Page 93. -For all of the developed countries, the history of perfumery has been dominated by scents. But some would argue that perfumery is now a very different tale. Particularly during the last few decades, perfumes have become a more and more affordable commodity. -The Perfume Handbook.pdf - Page 101. There are over 400 known chemical compounds in perfume making. The purpose is to identify and describe the 50 most important of these. Of the following 50, 24 are on this list. No. 1
